

Advanced Preflight

Pilots should know that the preflight is an inspection, not just a walk around. It is as vital as any other aircraft inspection, including their annual, progressive, or phase inspections depending on the type of aircraft they operate. This is the last opportunity to determine airworthiness safety before a flight. Click on the link below and register TODAY.

Directions: The meeting will be held in the Conference Room of the Terminal Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
